Seema Jain

Senior Product Designer | B2B SaaS, Native Mobile & Design Systems
Salzburg, Austria (open to relocation) | Available immediately | seemasam2113@gmail.com
Portfolio: https://seema-jain.com/ | LinkedIn: https://www.linkedin.com/in/seema-sampathraj/

PROFESSIONAL SUMMARY

Senior Product Designer with 7+ years in complex B2B SaaS, native mobile and multi-platform products. Owns the full cycle from qualitative research and journey mapping to design QA and post-release iteration, embedded with product and engineering. Redesigned a multi-role enterprise activation workflow, replacing a 3 to 5 day specialist process with self-serve activation that takes minutes and removing an estimated 40% of support tickets. Co-led a cross-platform design system built to WCAG 2.1 AA and EAA. Defined hiring criteria and ran technical design interviews as the team grew from 6 to 10. Designs and ships in code with AI, including seema-jain.com, built end to end with Claude.

PROFESSIONAL EXPERIENCE

ChargePoint Austria GmbH April 2025 - June 2026
UX/UI Designer (Design Lead, Activation & Installer native app)

- **Features End to End:** Owned station activation from problem statement to shipped interface across an enterprise SaaS admin platform and a native iOS and Android app, serving org admins, deployment specialists and NOC operators.
- **Research into Decisions:** Ran 30 qualitative interviews plus usability and UAT rounds with field electricians and administrators, mapping the cross-platform journey to find the highest-friction moments before designing.
- **Outcomes:** Replaced a specialist-run process with a self-serve wizard, enabling self-serve activation in minutes against a 3 to 5 day baseline and eliminating an estimated 40% of CX activation tickets.
- **Designing for Failure:** Surfaced hidden hardware failures (uncommissioned stations, offline gateways, pending GPS) as pre-activation blockers with designed recovery paths, saving CX about one support ticket every other day.
- **Delivery & Hiring:** Wrote acceptance criteria engineering built from directly, reviewed built components in Storybook against Figma, and used Figma Make to cut concept-to-decision time from a week to a day. Defined hiring criteria and ran technical design interviews as the team grew from 6 to 10.

The Mobility House, Munich October 2022 - December 2024
UX/UI Designer

- **Design System:** Co-led DesignGrid, a component library spanning web and mobile, and ran the workshops that aligned product and engineering on the system, ways of working and Figma setup.
- **Parity & Accessibility:** Reviewed Chromatic visual regression diffs on every component change to keep the shipped library in parity with Figma, with every component built to WCAG 2.1 AA and European Accessibility Act requirements.
- **Product Work:** Designed ChargePilot admin features (firmware updates, reports, user management) and led full-cycle UX for the ChargePilot Installer native app, letting installers commission sites themselves and reducing commissioning errors and site revisits.

Career Break July 2021 - September 2022
Relocated to Germany and completed the Google UX Design Professional Certificate.

Sonata Software, Simar Corp, Shriya, WowExp | Bengaluru January 2017 - June 2021
UI/UX Designer

Simar Corp: redesigned checkout, +22% conversion. Sonata Software: designed CoCreate for 30,000+ women artisans (roles, permissions, org management), mentored two interns, joined hiring. WowExp: virtual try-on app with ML engineers.

CORE SKILLS

Product Design: Information architecture, data-heavy interfaces, UX writing, white-labelling, legacy system modernisation, design tokens, accessibility (WCAG 2.1 AA, EAA)

AI & Research: Claude (agentic workflows, custom skills), Figma Make, GitHub, AI-assisted synthesis, usability testing, UAT, Hotjar

Tools: Figma (Variables, Advanced Prototyping), Storybook, Chromatic, FigJam, Jira, Confluence, Miro, Appcues, Lucidchart, Adobe Creative Suite

EDUCATION & CERTIFICATES

Google UX Design Professional Certificate | Google, September 2022

Bachelor of Science in Fashion and Apparel Design | Vogue Institute of Fashion Technology, 2009 - 2012
